**RENEWED PETITION TO WITHDRAW HOLDING OF ABANDONMENT
AND CONTINGENT PETITION TO REVIVE UNDER 37 C.F.R. §1.137(b)**

By this Paper, Petitioners respectfully renew their petition filed July 31, 2003, captioned "Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 C.F.R. 1.137(a)," in which Petitioners substantively sought a withdrawal of the Examiner's holding of abandonment in view of the nonreceipt by Petitioners of Paper #21, a final Office action bearing a mailing date of November 13, 2002.¹ Reconsideration of Petitioners petition is respectfully requested, in view of the further remarks beginning on page 2 below, and attached Exhibits A-E.

Also by this Paper, and only in the event of denial or dismissal of Petitioners' renewed petition to withdraw the holding of abandonment, Petitioners contingently petition for revival of the application under 37 C.F.R. §1.137(b). The requirements of 37 C.F.R. §1.137(b), including a "Contingent Request for Continued Examination" in reply to Paper #21; a contingent deposit account authorization covering the petition fee under 37 C.F.R. §1.17(m); and the necessary statement, are discussed in detail beginning on page 5 of this Paper.

¹ The August 8, 2003 Decision (Paper #26) acknowledges that "in light of the allegations [the Petition is being] considered as a petition to withdraw the holding of abandonment under 37 C.F.R. §1.181."

OFFICE OF PETITIONS

To advance prosecution, an Amendment is being submitted simultaneously herewith, for entry into the record of this application under 37 C.F.R. §1.111 either upon grant of Petitioners' renewed petition to withdraw the holding of abandonment, or upon grant of Petitioners' contingent petition under 37 C.F.R. §1.137(b) and the correlative entry of Petitioners' contingent request for continued examination.

Renewed Petition To Withdraw Holding Of Abandonment

Petitioners respectfully submit that the November 13, 2002 Office action was never received by Petitioners' attorneys and, accordingly, respectfully renew their petition under 37 C.F.R. § 1.181 for withdrawal of the holding of abandonment as indicated in Paper #22.

Pursuant to MPEP §711.03(c), Petitioners respectfully submit the following in support of their Renewed Petition:

1. Petitioners first became aware of an outstanding Office Action in this application on May 21, 2003, when Petitioners' attorney Steven L. Oberholtzer, of Brinks Hofer Gilson & Lione ("BHGL"), proactively telephoned the Office for a status check.²

2. During the May 21, 2003 telephone conference, Mr. Oberholtzer spoke with Examiner Ruth S. Smith, who indicated that an Office Action had been mailed on November 13, 2002, to BHGL's Chicago Office, P.O. Box 10395, Chicago, IL 60610.³

3. On May 22, 2003, Mr. Oberholtzer obtained a computerized docket printout for the application, Docket No. 10546-010 (copy attached as Exhibit A). The docket printout did not indicate any paper having been received in the application since receipt of a prior Office Action mailed July 24, 2002 (Paper #19).

² See Petitioners' original Petition filed July 31, 2003, signed by Petitioners' representative Steven L. Oberholtzer, Reg. No. 30,670.

³ Id.

4. On June 6, 2003, the Office mailed a Notice of Abandonment (Paper #22) which included a copy of the outstanding Office action mailed November 13, 2002 (Paper #21), further substantiating the May 21, 2003 proactive contact by Petitioners' attorney with the Office regarding the status of the application. C.f., Delgar Inc. v. Schuyler, 172 U.S.P.Q. 513, 516 (1970) ("If you know that something is going to happen and it does not happen and you have not received it, why, I think it is par for the course to call up and say: Look, we missed something").

5. On July 28, Petitioners timely mailed their original Petition to substantively withdraw the holding of abandonment for failure to receive the November 13, 2002 Office action.

6. Upon receiving the Decision mailed August 8, 2003 (Paper #26), and subsequent to a telephone conference between the undersigned and Senior Petitions Attorney John J. Gillon, Jr., the undersigned collected additional docketing information supporting the nonreceipt of the November 13, 2002 Office action, now attached to this Renewed Petition as Exhibits B and C, which together form the handwritten "backup Journal" employed by Petitioners' attorneys, whose use is detailed in Paragraph 7 below.⁴

7. Petitioners' attorneys employ the following process for docketing incoming Patent Office mail: Patent Office mail is routed unopened to BHGL's Docketing Department, whereupon the envelopes are opened by Docketing personnel, and date-stamped as received. The date-stamped papers are immediately routed by BHGL's Docketing Department Supervisor to selected Docketing personnel for "docketing," which comprises both entry of relevant information including several interim and "final" due dates into the relevant database record, and the wholly-redundant, handwritten entry of abbreviated annotations on at least one individual "due date"-based pages of one of the Firm's backup Journals (initially, on the page corresponding to the expiration of the shortened-statutory

⁴ Portions of Exhibits B and C have been redacted to preserve confidential information appearing thereon, specifically, the identification of a client or adverse party by name, or the identification of a trademark or service mark to which a given Journal entry pertains.

period; and subsequently transferred by hand one month ahead if an applicant's response was not filed by that date).

8. Accordingly, a final Office action mailed by the Office on November 13, 2002, and actually received by Petitioners attorneys would generate both several entries in BHGL's computerized docketing database, and at least an entry in one of BHGL's backup Journals on February 13, 2003 (expiration of the shortened-statutory period).

9. By way of example only, an Office action mailed by the Office to BHGL on November 13, 2002, in connection with unrelated BHGL Docket No. 10541-345 (see attached "public-side" PAIR printout for U.S. Application No. 10/034,574, attached as Exhibit D), was both properly entered into the corresponding BHGL docketing database record (a redacted copy of which is attached as Exhibit E), and duly appears as a Journal entry for both February 13, 2003 and March 13, 2003 (see Exhibit B, pp. 2, 5).

10. Neither the May 22, 2003 computerized docketing database record for the application (Exhibit A), nor the pages of each Journal corresponding to the four (4) separate dates upon which any due date information would have been docketed (see Exhibits B and C), include any annotation relating to the Office action mailed November 13, 2002 (Paper #21) in Petitioners' application, Docket No. 10546-010.

11. To further ensure accurate entry of all docketed dates, on or about the 15th day of each month, BHGL Docketing personnel generate a database dump including all docketed items becoming due in the next three (3) months, sorted by date; and perform a day-by-day comparison/correlation between the computerized docketing database dump and the backup Journals. Such a comparison/correlation was performed in each of the months from December 2002 through April 2003, as reflected by the left-hand marginal annotations (check-marks or highlighter marks) appearing on the several pages forming Exhibits B and C. These comparisons/correlations did not identify any discrepancy between the computerized docketing database record for Petitioners' application Docket No. 10546-010 and the backup Journal pages.

12. All Journal annotations appearing on each of the four (4) separate dates, upon which any due date information for Petitioners' application would have been docketed (see Exhibits B and C), have been reviewed by Petitioners' attorneys to confirm that each entry correctly corresponds to a patent application other than Petitioners' application and, hence, is not a misidentified entry relating to Petitioners' application.

In view of the foregoing, Petitioners respectfully submit that Petitioners have established a prima facie case of the nonreceipt of Paper #21, and that the holding of abandonment in Paper #22 should be withdrawn.

Alternative Petition To Revive Unintentionally Abandoned Application

As noted on the first page of this Paper, in the event that Petitioners' above petition to withdraw the holding of abandonment is denied or dismissed, Petitioners contingently petition for revival of the application under 37 C.F.R. §1.137(b), in view of the following:

1) Petitioners have filed simultaneously herewith under common cover letter both a "Contingent Request for Continued Examination (37 C.F.R. §1.114)" (with its respective deposit account authorization covering the requisite fee under Rule 17(e)), and an "Amendment" (for which Petitioners have calculated no additional fee due).

2) Petitioners hereby contingently authorize payment from Deposit Account No. 23-1925 of the petition fee of \$1,300.00 under 37 C.F.R. §1.17(m), along with any other petition or processing fee under 37 C.F.R. §1.17 that may become due upon grant of the alternative petition under 37 C.F.R. §1.137(b).

3) Petitioners submit that no terminal disclaimer is required, as this application was filed after June 8, 1995.

4) The entire delay in filing the required reply from the due date until the filing of a grantable petition under Rule 137(b) was unintentional.

As to the latter point, Petitioners note that Petitioners proactively inquired as to the status of the application on May 21, 2003 – several weeks before the mailing date of the Notice of Abandonment (Paper #22) – and Petitioners mailed their petition to withdraw the holding of abandonment soon thereafter, on July 28, 2003. Petitioners further note the timing of this contingent petition is largely influenced by the Commissioner's urging, at page 8 of the Decision mailed August 8, 2003, that "Petitioner may wish to supplement his petition to plead alternatively under 37 C.F.R. §1.137(b)," and that "failure to submit such a petition 37 C.F.R. §1.137(b) timely may be viewed as intentional delay and an absolute bar to revival."

Respectfully submitted,

October 8, 2003
